Effective date: January 13, 2020

At Glide, we take your privacy seriously. Please read the following to learn how we treat your personal information. By using or accessing the Services in any manner, you acknowledge that you accept the practices and policies outlined in this Privacy Policy, and you hereby consent that we will collect, use, and share your information in the following ways.

Remember that your use of Glide's Services is at all times subject to our Terms of Use, which incorporates this Privacy Policy. Any terms we use in this Policy without defining them have the definitions given to them in the Terms of Use.

What this Privacy Policy Covers

This Privacy Policy covers how we treat Personal Data that we gather when you access or use our Services. “Personal Data” means any information that identifies or relates to a particular individual and also includes information referred to as “personally identifiable information” or “personal information” under applicable data privacy laws, rules, or regulations. This Privacy Policy does not cover the practices of companies we don’t own or control or people we don’t manage.

- You:
  - when you provide such information directly to us, and
  - when Personal Data about you is automatically collected in connection with your use of our Services.
- Our subsidiaries and affiliates (together, “Affiliates”), when they provide us with Personal Data about you.
- Third parties, when they provide us with Personal Data about you (“Third Parties”). Third Parties that share your Personal Data with us include:
  - Service providers. For example, we may use analytics service providers to analyze how you interact and engage with the Services, or third parties may help us provide you with customer support.
  - Social networks connected to the services. If you provide your social network account credentials to us or otherwise sign in to the Services through a third-party site or service, you understand some content and/or information in those accounts may be transmitted into your Account with us.

**Information Collected Automatically**

The Services use cookies and similar technologies such as pixel tags, web beacons, clear GIFs, and JavaScript (collectively, “Cookies”) to enable our servers to recognize your web browser and tell us how and when you visit and use our Services, to analyze trends, learn about our user base and operate and improve our Services. Cookies are small pieces of data– usually text files – placed on your computer, tablet, phone, or similar device when you use that device to visit our Services. We may also supplement the information we collect from you with information received from third parties, including third parties that have placed their own Cookies on your device(s). Please note that because of our use of Cookies, the Services do not support “Do Not Track” requests sent from a browser at this time.

We use the following types of Cookies:

- **Essential Cookies.** Essential Cookies are required for providing you with features or services that you have requested. For example, certain Cookies enable you to log into secure areas of our Services. Disabling these Cookies may make certain features and services unavailable.
- **Functional Cookies.** Functional Cookies are used to record your choices and settings regarding our Services, maintain your preferences over time and recognize you when you return to our Services. These Cookies help us to personalize our content for you, greet you by name, and remember your preferences (for example, your choice of language or region).
Performance/Analytical Cookies. Performance/Analytical Cookies allow us to understand how visitors use our Services such as by collecting information about the number of visitors to the Services, what pages visitors view on our Services and how long visitors are viewing pages on the Services. Performance/Analytical Cookies also help us measure the performance of our advertising campaigns in order to help us improve our campaigns and the Services’ content for those who engage with our advertising. You may opt out of Google Analytics by visiting https://tools.google.com/dlpage/gaoptout/. You may opt-out of Mixpanel’s analytics services by visiting https://mixpanel.com/optout/.

Retargeting/Advertising Cookies. Retargeting/Advertising Cookies collect data about your online activity and identify your interests. For more information about this, please see the section below titled “Information about Interest-Based Advertisements.”

You can decide whether or not to accept Cookies through your internet browser’s settings. Most browsers have an option for turning off the Cookie feature, which will prevent your browser from accepting new Cookies, as well as (depending on the sophistication of your browser software) allow you to decide on acceptance of each new Cookie in a variety of ways. You can also delete all Cookies that are already on your computer. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some of the Services and functionalities may not work.

To explore what Cookie settings are available to you, look in the “preferences” or “options” section of your browser’s menu. To find out more information about Cookies, including information about how to manage and delete Cookies, please visit http://www.allaboutcookies.org/.

Information about Interest-Based Advertisements:

We may serve advertisements, and also allow third-party ad networks, including third-party ad servers, ad agencies, ad technology vendors and research firms, to serve advertisements through the Services. These advertisements may be targeted to users who fit certain general profile categories or display certain preferences or behaviors (“Interest-Based Ads”). Information for Internet-Based Ads (including Personal Data) may be provided to us by you, or derived from the usage patterns of particular users on the Services and/or services of third parties. Such information may be gathered through tracking users’ activities across time and unaffiliated properties, including when you leave the Services. To accomplish this, we or our service providers may deliver Cookies, including a file (known as a “web beacon”) from an ad network to you through the Services. Web beacons allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Web beacons also enable ad networks to serve targeted advertisements to you when you visit other websites. Web beacons allow ad networks to view, edit or set their own Cookies on your browser, just as if you had requested a web page from their site.

We comply with the Digital Advertising Alliance (“DAA”) Self-Regulatory Principles for Online Behavioral Advertising. Through the DAA and Network Advertising Initiative (“NAI”), several media and marketing associations have developed an industry self-regulatory program to give consumers a better understanding of, and greater control over, ads that are customized based on a consumer’s online behavior across different websites and properties. To make choices about Interest-Based Ads from participating third parties, including to opt-out of receiving behaviorally targeted advertisements from participating organizations, please visit the DAA’s or NAI’s consumer opt-out pages, which are located at http://www.networkadvertising.org/choices/ or www.aboutads.info/choices.

Sales of Personal Data

Glide makes available through our platform electronic versions of certain proprietary real estate transaction forms (also referred to as a “form library” in this Privacy Policy). As a condition of our licenses from various state REALTOR® associations, we are required to make available all usage and transactional information to state REALTOR® associations from state REALTOR® association members who use its form library through Glide (which information includes Personal Data). The state REALTOR® association will only use the information obtained from its members in a manner consistent with the applicable state realtor association’s privacy policy.

Although the transfer of data provided by Glide to a state REALTOR® association does not meet the definition of a “sale” in the traditional sense of the word, it might be considered a “sale” under the CCPA. To the extent the data we share with a state REALTOR® association qualifies as a “sale,” then we have sold to third parties the following categories of your Personal Data over the past twelve months:
• Records of personal property
• Insurance information
• Social Security number
• Internet or other similar network activity information
• Geolocation data
• Professional or employment-related information

**Data Security and Retention**

We seek to protect your Personal Data from unauthorized access, use and disclosure using appropriate physical, technical, organizational and administrative security measures based on the type of Personal Data and how we are processing that data. For example, the Services use industry standard Secure Sockets Layer (SSL) technology to allow for the encryption of Personal Data you provide to us. You should also help protect your data by appropriately selecting and protecting your password and/or other sign-on mechanism; limiting access to your computer or device and browser; and signing off after you have finished accessing your account. Although we work to protect the security of your account and other data that we hold in our records, please be aware that no method of transmitting data over the Internet or storing data is completely secure. We cannot guarantee the complete security of any data you share with us, and except as expressly required by law, we are not responsible for the theft, destruction, loss or inadvertent disclosure of your information or content.

We retain Personal Data about you for as long as you have an open account with us or as otherwise necessary to provide you with our Services. In some cases we retain Personal Data for longer, if doing so is necessary to comply with our legal obligations, resolve disputes or collect fees owed, or is otherwise permitted or required by applicable law, rule or regulation. We may further retain information in an anonymous or aggregated form where that information would not identify you personally.

**Personal Data of Children**

As noted in the [Terms of Use](#), we do not knowingly collect or solicit Personal Data from children under 13; if you are a child under 13, please do not attempt to register for or otherwise use the Services or send us any Personal Data. If you believe that a child under 13 may have provided us Personal Data, please contact us at support@glide.com.

If you are a California resident, you have the rights outlined in this section. Please see the “Exercising Your Rights” section below for instructions regarding how to exercise these rights. If there are any conflicts between this section and any other provision of this Privacy Policy and you are a California resident, the portion that is more protective of Personal Data shall control to the extent of such conflict. If you have any questions about this section or whether any of the following applies to you, please contact us at support@glide.com.

You have the right to request that we delete the Personal Data that we have collected from you. Under the CCPA, this right is subject to certain exceptions: for example, we may need to retain your Personal Data to provide you with the Services or complete a transaction or other action you have requested. If your deletion request is subject to one of these exceptions, we may deny your deletion request.

Exercising Your Rights

To exercise the rights described above, send us a request that (1) provides sufficient information to allow us to verify that you are the person about whom we have collected Personal Data. This may be done directly through your account using our support chat, or by emailing us from the email address you used to sign up for your account, including your full name in your message as it matches the name used in your Glide account. Glide reserves the right to request additional information from you if we consider it necessary for verification purposes; and (2) describes your request in sufficient detail to allow us to understand, evaluate, and respond to it. Each request that meets both of these criteria will be considered a “Valid Request.” We may not respond to requests that do not meet these criteria. We will only use Personal Data provided in a Valid Request to verify you and complete your request. You do not need an account to submit a Valid Request.

We will work to respond to your Valid Request within 45 days of receipt. We will not charge you a fee for making a Valid Request unless your Valid Request(s) is excessive, repetitive, or manifestly unfounded.
